

## **Position Available: A&P TECHNICIAN & SHEETMETAL WORKER**

**Contact:** 619-448-5991 or send your resume to [careers@circleag.com](mailto:careers@circleag.com)

**Circle Air Group** is the newest full service FBO and maintenance facility in San Diego located at Gillespie Field (KSEE). We offer world-class concierge services, aircraft ground handling, line services, full class IV maintenance shop with avionics to corporate and general aviation customers. At Circle Air, we provide exceptional personalized customer service to create a memorable experience and life-long customers. Our busy maintenance shop is one of the largest in Southern California and our aircraft technicians are some of the most experienced in the industry and are experts in their craft. We are looking for a A&P Technician with sheet metal expertise that is passionate about aviation, enjoys a fast-paced entrepreneurial environment and takes pride in their work.

### **Compensation**

Hourly rate commensurate with experience and highly competitive within industry

### **Benefits Offered**

Paid Time Off, Paid Holidays, Medical/Dental Insurance

### **Employment Type**

Full-Time

### **Who we are looking for**

- Experienced A&P Technician with sheet metal/fabrication expertise
- Multi-tasker with “can-do” attitude
- Team player willing to embrace change in entrepreneurial, fast-paced environment
- Safety conscious
- Adept at problem solving and troubleshooting
- Creates and spreads positive culture
- Critical time management skills—able to prioritize
- Dependable, reliable, accountable and flexible

### **Job Description**

- Perform complex aircraft inspections, repairs and modifications with minimal supervision
- Perform sheet metal layout, fabrication and installation of parts and equipment on various types of aircraft
- Safely operate shop and tooling equipment
- Communicate as required to receive and understand work assignments
- Coordinate with other departments to ensure compliance with internal and FAA inspection and documentation requirements
- Assist as needed with shift turnovers
- Ensure that all work accomplished meets quality standards and specifications
- Properly identify (tag) customer property and equipment. Store aircraft components and other customer property securely and safely
- Follow standard operating procedures when operating ground support equipment (external power carts, hydraulic mules, hydraulic lift platforms, tow tugs, forklifts, compressed gas cylinders, etc.)

- Coordinate, accomplish and assist with aircraft movement in hangar and ramp areas
- Provide training to less experienced technicians
- Assure that maintenance is completed to the highest standards and within all applicable regulations.
- Attend industry trade shows and training as required
- Other duties and tasks as assigned

### **Requirements**

- Minimum 8 years experience as A&P Mechanic
- A&P License
- Experience with King Air, Citation, Learjet, Gulfstream and Challenger aircraft
- Sheet metal expertise for Raisbeck Service designation
- Microsoft Office and proficiency in EBis a plus
- Ability to lift 50 lbs
- Must pass drug test prior to employment, comply with Circle Air's random drug testing policy and satisfy all DOT (Department of Transportation) requirements
- Must possess valid state Driver's License and meet company insurance requirements
- Ability to work nights, weekends and overtime as necessary for job completion

### **About Circle Air**

Circle Air Group, located at Gillespie Field (KSEE) in El Cajon, CA, is a full service FBO offering a private passenger terminal with world class concierge services and amenities, one of the largest FAA Class IV Part 145 repair shop in Southern California and comprehensive onsite avionics shop. Our maintenance technicians are the most experienced in the industry, specializing in Citation, King Air, Gulfstream, Challenger, Falcon and larger aircraft. We have over 70,000 sq. ft. of hangar space and over 400,000 sq. ft. of concrete ramp space. With Gillespie Field being only 20 minutes from La Jolla and Downtown, it is a hidden gem in the world of corporate and private air travel.

In the first quarter of 2017, we begin major renovations, transforming one of the nicest facilities in San Diego to one of the finest in the country, including an elegant interior suite remodel, gorgeous contemporary exterior, and development of a 3-acre parcel constructing 50,000 square feet of additional hangars with contiguous ramp space.

At Circle Air our philosophy is simple ... give our customers the best possible experience and they come back. We love aviation. That's why Circle Air is committed to having a passionate team that anticipates our customer's needs, pays great attention to detail, safety and security, and strives for excellence in everything we do. We are also proud to be a member of the esteemed Air Elite Diamond Service Network of exceptional FBOs worldwide.
